HOTEL, SPA & RESTAURANT

THIS IS PURE ESCAPISM

The warmest and most genuine of welcomes awaits your guests from our team of dedicated professionals here at Crossbasket Castle.

From the moment your guests arrive into our sweeping grounds they are transported back in history - to a time of elegance, opulence & style that you won't find captured quite the same anywhere else, here in Scotland...

OUR HISTORY BECOMES PART OF YOURS

Our 17th Century Castle has been occupied throughout the centuries and eventually lay empty for a number of years until our current owners (**Alison and Steve Timoney**) bought it back in 2011 and painstakingly restored it to its full glory, over 5 years, before re-opening in 2016

Its original land-owners were **James Hamilton & Mary Stewart** (Daughter of King James II and descendant of Robert the Bruce) - the land being passed down through the years as part of the dowry estate until being purchased by Alexander Lindsay in 1440 - it remained in his family with various towers & structures being added until the Castle we know today was completed in the 17th Century
